

The ERIE CustomCollection® Technology Program

Why ERIE?

Coverage for Your Industry Risks

The ERIE Custom Collection® Technology Program is a suite of products and services that gives your technology business the protection it needs—and the peace of mind you deserve.

In addition to standard property and liability coverages, the program offers many industry-specific coverages¹ for technology business owners that:

- Cover damages for technology errors and omissions that could include allegations of patent infringement or failure to prevent unauthorized access of a client's system.
- Cover business property, income loss and extra expenses from a covered loss at the premises of a virtual office.
- Cover expenses to reproduce or replace electronic data that has been destroyed and/or compromised.

You can also purchase separate policies for workers' compensation² and commercial automobile coverage.

Claims Service You Can Count On

You can count on ERIE—as well as your ERIE agent—to help your business recover quickly and efficiently should a covered loss occur. ERIE has claims offices throughout its territory, so help is always close by.

The ERIE Difference

- Financial strength from a FORTUNE 500® company with an A+ rating from A.M. Best, a global credit rating agency with a unique focus on the insurance industry.
- A specially trained and dedicated support team, including claims and underwriting specialists who understand your technology business and the risks you face.
- Access to risk control tools and services to help you manage your business risks.
- Your independent ERIE agent—a knowledgeable local business owner like you who lives, works and is involved in the community.

Get the protection you need and the peace of mind you deserve. Contact your ERIE agent today to learn more and get a free quote.
